es G&F Has Authority Over ing License

THE ROCK (AP) — The Arkansas Game and Fish Commission today ruled that it has authority to issue free hunting licenses.

The commission, which has one dissent, voided a 1951 law which sought to give the Game and Fish Commission authority to issue free hunting licenses.

The commission's decision, written by Commissioner J. McFadden, said that the state constitution gave authority over hunting licenses to the Game and Fish Commission.

The commission can do so to increase the fees, McFadden said.

Amendment 55, which was passed in 1944, "expressly gave the Game and Fish Commission authority to issue the licenses."

Smith of Little Rock asked the Circuit Court to void the commission's decision. The court ruled against Smith.

The court ruled that the commission's decision was valid and that it has authority to issue free hunting licenses.

The court's decision was a victory for the Game and Fish Commission, which has been fighting for authority over hunting licenses for years.

Court Ruling Is Slated Tuesday

PHILADELPHIA (AP) — The decision by the U.S. 3rd Circuit Court of Appeals on whether the striking United Steelworkers Union must return to work under a Taft-Hartley law injunction or may continue their walkout will be given at 4 p.m. Tuesday.

The court clerk made the announcement today on behalf of Judges John Bires Jr., William H. Hastie and Herbert Goodrich. The three-judge court heard arguments last Thursday.

It is expected that the Circuit Court decision will be appealed to the U.S. Supreme Court, whichever way the ruling goes.

Arthur J. Goldberg, chief counsel for the union, has said he plans to go to the nation's highest court if the verdict is against the union. Should the court rule in favor of the union, the government also has indicated it will appeal to the Supreme Court.

The new penicillin apparently destroys germs which have become resistant to the old penicillin — and causes fewer dangerous reactions.

It can be taken by mouth and is so powerful that it promises to make penicillin shot obsolete, reported Dr. Amel H. Menotti, vice president and scientific director of Bristol Laboratories.

The new product, called Synicillin, is a stripped down version of natural penicillin with a new chemical body shell.

Preliminary evidence indicates the drug does not produce as many dangerous side effects as shots of the natural penicillin.

Menotti made the announcement of the new penicillin at the dedication of a new 1-million-dollar research facility of the Bristol & Myers Co. subsidiary. He said further scientific reports would be made at the seventh annual symposium on antibiotics in Washington, Nov. 4-6.

The prospective motion picture jury panel was selected by the Chamber of Commerce and as such had contributed to a \$25,000 reward fund for arrest and conviction of the bombers.

Even though the motion was not formally on file, the commissioners, Jack Pickens and Milton Anderson, were called to testify.

They said their firms had contributed to the reward fund but that they did not have any prejudice against the accused men in selecting the jury panels.

Circuit Judge William J. Kirby then resumed hearing on the change of venue motion.

Prosecutor J. Frank Holt said he planned to call 27 witnesses to support his contention that the men can get a fair trial here.

Eight witnesses testified last week that community sentiment was such that the men could not get an impartial trial in Little Rock.

More witnesses supporting the venue change also were scheduled to be heard today.

U.S. Had Two Bombs — Used on Japan

WASHINGTON (AP) — America had only two atomic bombs when the decision was made to drop them on Japan in World War II, according to a posthumously published interview with Gen. George C. Marshall.

The magazine U.S. News & World Report, in a copyrighted article today, said Marshall granted the interview to one of its editors, John P. Sutherland, in 1954 and 1955 with the understanding it would not be published until after his death.

The soldier-diplomat died Oct. 16.

Marshall said in the interview that America's military leaders had no idea of the destructive power of the A-bomb until one was exploded in New Mexico on July 16, 1945. Even after that, he said, there was no clear-cut plan on how to use the new weapon.

"When we got the bombs we had to use them in the best possible way to save American lives," he said. "I heard all kinds of discussions on how we should use the first one. Some wanted to drop it on the Sea of Japan. But we didn't know how it would work in water. It might be a dud, or get out of control. We just didn't know."

"Others wanted to drop it in a rice paddy to save the lives of the Japanese. But we only had two, and the situation demanded shock action. After using the two bombs against Japan, there would be nothing in reserve."

Until the awesome power of the bomb became known, it had been planned to use nine of them in an invasion of Japan. Marshall said. The invasion was set for Sept. 23, 1945. Japan surrendered on Aug. 14, eight days after the first A-bomb was dropped on Hiroshima.

"Say One for Me" Is Fine Family Film

"Say One for Me," (Say a Prayer for Me), which had its first screening Sunday at the Saenger theater, where it remains through Monday night, proved to be a fine family motion picture in the tradition of Bing Crosby's "Going My Way" of several years ago.

But "Say One for Me" has a couple of assets that the earlier comedy didn't have — in the persons of Debbie Reynolds and the sizzling ball dancer and singer Robert Wagner. Their tight close scenes are tops in musical entertainment. And Debbie Reynolds will surprise you, no matter how much you have admired her in past pictures and records — in this film she proves herself to be one of America's very few stars who can do virtually a one-man show. Actually, she could have gotten along without either Bag or Wagner — and that's not detracting one bit from the excellence of either of them.

Again in this picture Bing plays the role of the parish priest, the time watching over the daughter of a friend as she quits school to try the night-club stage in "Going My Way." Bing was the priest who kept a careful eye over the local neighborhood gang.

But the real heart-throb of "Say One for Me" was the performance of Ray Walston as the alcoholic songwriter, arranger and pianist, whom Robert Wagner kept in bondage with assorted bottles. Bing, as the priest finally bails out Walston, and even reforms the talent of but egotistical wolf Wagner.

Arkansas Girl Is Killed in California

MADERA, Calif. (AP) — A June high school graduate from Piggott, Ark., was killed last night when the car in which she was riding overtook another and then overturned.

The California Highway Patrol identified her as Barbara Box, 18, gravely injured was her 18-year-old cousin, Bernice Box, of Madera.

Another cousin, Marshall Finckel Jr., 26, of Madera who drove the car and the fourth occupant, were taken to Madera County Hospital in serious condition.

Occupants of the front car Mrs. Louis Mendoza of Madera and a young daughter, were hospitalized with less serious injuries.

The soldier-diplomat died Oct. 16.

Red Doctor Figures on a 2nd Heart

By PRESTON GROGER

MOSCOW (AP) — A Soviet doctor says he hopes to give a human a second heart to help out in an emergency.

Dr. G. I. Demikhov, an experimental specialist in Moscow's Medical Institute, says he has successfully planted hearts in two dogs.

He showed the dogs to newsmen Sunday. Each had a patch on the left side where, he said, the new hearts had been attached and were functioning inside effectively.

The second heart, he said, took half the work load of the original heart.

The 43-year-old doctor said he hopes to try grafting a supplemental heart on a human being before the end of the year.

The plan is to use the heart of a person who has died. The heart can be revived by electrical shock as long as 12 hours after death, he said.

Demikhov said he also plans in the near future to transplant a leg to a woman who lost one recently in a train accident. He said he had grafted a leg to a dog and that it was working well until the leg was accidentally burned under X-ray treatment and the limb died.

Hardware at Blevins Hit by Burglars

Burglars broke into Ray Foster's hardware store at Blevins last night and made way with several hundred dollars in merchandise, Sheriff Jimmy Griffin and Sgt. Tommy Goodwin reported.

Items missing included \$100 to \$500 worth of shotgun shells, two portable radios, an electric mixer, electric iron, two 22 cal. rifles and shells and four boxes of rifle shell.

Brother of Local Woman Dies in Nfld.

Thomas O'Neil, brother of Mrs. John Hoxey of Hope, died Friday in St. John's, Nfld. Survivors include four brothers and one sister, all of Newfoundland.

Mrs. Hoxey received the news by telephone from her brother, Joseph O'Neil, Nfld., at 1 p.m. Saturday, 4:30 p.m. Newfoundland time.

Kaiser Steel Will Go It Alone, Seek Strike Settlement With Union

West to Meet and Discuss Red Proposal

UNITED NATIONS, N.Y. (AP) — The five Western representatives for the new disarmament negotiations called a private meeting today to discuss Soviet Deputy Foreign Minister Vasily V. Kuznetsov's latest formula for a U.N. disarmament resolution.

The Western conferees are Britain, Canada, France, Italy and the United States. They will sit with Bulgaria, Czechoslovakia, Poland, Romania and the Soviet Union on the East-West committee that will tackle the disarmament problem in Geneva next February.

Kuznetsov's proposal, made to U.S. Ambassador Henry Cabot Lodge three days ago, is a rewrite of some of the words President Eisenhower and Soviet Premier Nikita Khrushchev put into their communique Sept. 27 summing up their talks.

Kuznetsov, week before last, gave Lodge a disarmament resolution which sought to have the General Assembly endorse the Soviet plan.

A week ago, Lodge gave Kuznetsov amendments. In place of the specific endorsement, they quoted the Eisenhower-Khrushchev communique that "the question of general disarmament is the most important one facing the world today."

Friday Kuznetsov gave Lodge a revised Soviet resolution. This embodied the American amendments but changed the phrase "general disarmament" to "general and complete disarmament" — the label on the Khrushchev plan.

Bolt had agreed that the resolution should have the Assembly send all pending disarmament proposals to the 10-nation committee along with the record of its debate on them. They also agreed it should refer to the need for effective controls.

Both men served aboard the U.S.S. Destroyer Du Pont, which docked at Southampton in connection with President Eisenhower's visit to Europe two months ago.

Bourgeois, 19, a gunner's mate, died in Southampton hospital Sept. 2 after an incident in a local barroom. Hensley, 20, was a second class stowaway aboard the Du Pont.

After he pleaded guilty Capt. Charles Timblin, the law officer, told Hensley that his plea subjected him to a finding of guilty without further proof and he might be sentenced to maximum punishment.

"Do you persist in your plea of guilty?" Timblin asked.

"Yes, sir," said Hensley.

The eight officers of the court five captains and three commanders, retired to consider their verdict.

Five minutes later the court assembled and the president, Capt. Frank H. Brunby Jr., of Athens, Ga., announced Hensley had been convicted with the requisite two-thirds of the court concurring.

Two Accidents Reported by Police

Two accidents were reported by City Police over the weekend, one involving a police car. Officer Steven Ratnoff, Fuller and Martin were trying to break up a crowd when the Blevins road car hit the police car on the side of the car, knocking the front end out of line. None of the officers were injured.

Early today, near Garland St., a car driven by W. B. Ratnoff was almost stopped when it collided with the bike when the Foster child was riding. The child was not injured.

Cancer Society to Carry Out Own Drive

In order that the citizens of Hempstead County may have a clear understanding of the policy of the American Cancer Society in regard to having an independent drive for funds, Tom Snodgrass, Executive Director of the Arkansas Division has submitted for publication a letter addressed to W. R. Caldwell, president of the Hempstead County United Fund, on Sept. 17, 1959. The letter is quoted below:

"In line with our conversation of last week, I would like at this time to send official notice that the American Cancer Society can not participate in the Hempstead County United Fund. I would like to further state that should funds be raised and allotted to the American Cancer Society, as was previously the case in Columbia, Garland and Washington counties, we will not be able to accept them. In these same counties this year, we have successfully conducted separate Crusades for Cancer."

Realizing that we discussed the "pros and cons" of this matter at length and without the usual emotionalism, I trust the members of the board of your organization will respect our policy. It is founded on the basis of several years experience that a separate Cancer Crusade is the best way to fight this disease which took the lives of 24 citizens of Hempstead County in 1958. These 24 were part of the total of 2261 in the state of Arkansas who lost their lives to cancer during the same period.

I firmly believe that a United Fund and a separate Cancer Crusade can exist side by side in the same community. Treating you will respect our policy. It has been founded on experience and with very best wishes, I remain, Sincerely yours,

Tom Snodgrass, Executive Director, Arkansas Division, American Cancer Society.

Moscow to Publish Moon Pictures

MOSCOW (AP) — The Soviet Union announced today the first photographs of the far side of the moon will be published in Moscow newspapers Tuesday.

The pictures were taken by the moon probe, Luna 3, launched Oct. 4. The probe is expected to reach the moon's far side in about 40 minutes.

"A considerable number of photographs of the moon were taken," the Soviet news agency said. "The pictures will be published in the Moscow newspapers Tuesday."

DOROTHY DIX

This Romance Needs Parental Approval

Dear Dorothy Dix: When I married Hal several years ago he was a junior at college, and I was already teaching. I put him through his last two years, as well as advanced study, as he wanted to be an architect. He realized his ambition, and is a darn good one, too. Although his mother is a well-to-do widow, she did nothing to help us. In fact, she was so against our marriage that she didn't even send us a wedding present. She's still cold to us, and our three children.

When her daughter married, however, the story was entirely different. The girl was given a huge wedding, mom helped buy and furnish a home for them, and I suspect she gave son-in-law a substantial lift in business. Why does a mother make so much fuss over her son-in-law, and completely ignore her daughter-in-law? I can honestly say I'm a nice person and would more than welcome any affection shown me.—Honey

Dear Honey: Face the fact, sister. It's a man's world. Another shows preference to a son-in-law over a daughter-in-law, and a girl usually has more affection for her husband's father than for his mother. The girl who marries mother's darling son will always be looked upon as a rival, while the man who elevates daughter to the dignity of being a Mrs. has earned mother's undying gratitude. Unreasonable? Maybe, but who ever accused women of being unbiased? These are the facts, Honey, so you might as well

Winter Touches in Some U. S. Areas

By THE ASSOCIATED PRESS

There was a little touch of wintry weather in the north central region today after the season's heaviest snow falls and temperatures near freezing.

Sections of the Southeast, far from the snow belt, were chilled by an invasion of cold air which sent temperatures into the 40s as far south as Georgia and extreme northern Florida.

Torrential rains drenched areas in New England over the weekend causing landslides, washouts and flash floods.

Heaviest snowfall was in Wisconsin's Rhinelander resort area, with 10 inches at Crandon. The white covering at Marquette, Mich., measured 8 inches.

Light rain and snow fell this morning in parts of the Dakotas and Minnesota and showers sprinkled parts of Iowa, central Illinois

Ole Miss, LSU Game May Mean National Title

By ED CORRIGAN
Associated Press Sports Writer

The national college football championship could be settled on Saturday night in Baton Rouge, La., when Louisiana State and Mississippi clash.

To the victor probably will go not only the national title, but Southeastern Conference crown and the best spot in the Sugar Bowl on New Year's Day.

LSU, the defending champions, is nursing a 17 game winning streak. The Bengals from the bayou have not permitted a touch down. The only scoring against them has been two punts.

Mississippi, No. 4 team in the

current Associated Press poll, has been playing second fiddle to LSU for two years now. This is Ole Miss' opportunity to become top dog.

Mississippi's defense is almost as rock-solid as Louisiana State's. Just seven points — one touchdown and a conversion by Tulane — have been scored against this club.

LSU warmed up to its task by shutting out Florida, 30-0, last Saturday while Mississippi was white washing Arkansas, 28-0.

In Dallas, the surprise power of the Southwest Conference, could wrap up the title — and the Cotton Bowl spot — by beating Southern Methodist, the team that was supposed to be the league brawler before the start of the season.

Texas has won six games without defeat this season, and ranks No. 3 in the AP poll behind LSU and Northwestern. The Longhorns turned back Rice, 28-6 Saturday.

This is strictly a put-up or shut-up task for SMU. A defeat and the Mustangs are just about out of the race.

Northwestern, a 39-24 winner over Notre Dame, gets back into Big Ten action against Indiana.

The Wildcats seem to be getting stronger as the season progresses and now rate heavy favorites to win the title and make the trip to the Rose Bowl.

Some of the other conferences also have begun to take shape. In the Atlantic Coast Conference, Clemson leads the list with a spotless 4-0 record, and appears to be the class of the league.

The Citadel took over first place in the Southern Conference with a 3-0 mark after whipping Furman, 18-14.

The 32-year-old quarterback engineered the 49ers victory Sunday passing 40 yards to R. C. Owens with 61 seconds left for the touchdown that beat Chicago's Bears 20-17. The victory gave San Francisco a 4-1 record.

The defending champion Baltimore Colts kept pace with the 49ers as Johnny Unitas threw for three touchdowns passes in a 38-21 triumph over Green Bay.

In the Eastern Division, the New York Giants retained first place with a 4-1 mark by knocking off Pittsburgh's Steelers 21-16.

In other games, Bill Plum passed for four TDs as Cleveland mauled Washington 34-7. Detroit won its first game by upsetting Los Angeles 17-7 and Philadelphia edged Chicago's Cardinals 28-24 in a game played at Minneapolis.

LITTLE ROCK (AP)—Gov. Orval E. Faubus said today he had no basis for granting clemency to Emmett Earl Leggett and would set a new execution date for the 22-year-old convicted slayer.

Leggett had intended to grant clemency, I would already have done so," Faubus told a press conference. "But I see no possibility at the moment that any clemency can be granted from this office."

Leggett, convicted in the December, 1955 murder of 14-year-old Joe King of Jacksonville, has been in a death cell at Tucker State Prison Farm since June, 1956. He has had numerous stays of execution while lawyers argued the question of his sanity.

Faubus has refused many requests of the victim's family to spare the slayer.

The governor said he would set the new date after conferring with Dan Stephens, an aide who handles criminal matters. Stephens said he would recommend a date later today.

Leggett last was scheduled to die July 24. He was less than 10 hours from the chair when Associate Justice Jim Johnson stayed the execution. This stay was voided by the Supreme Court last Monday.

Norway has a population of about three million.

Lahar, now in his third season at Houston, saw his charges win the Missouri Valley Conference championship during his first year. Houston has a record of one victory against five losses this season.

Yerger Rallies to Gain Tie With N. L. R.

The Yerger High Tigers rallied Saturday night to score a 13-12 tie with the Jones High Dragons of North Little Rock in the Wildcat stadium.

Henry Reed got the Hope eleven out front with an 80 yard run and the 6-0 lead stood until after the half.

At that point the Dragons scored the tying and go-ahead touchdowns with Billy Rhodes scoring both after a 70 yard gain on two passes. Rhodes scored one extra point.

Hope came back on James McFadden's sprint from the four. Reed ran over the points that tied the score in a Negro Big Eight contest.

49ers Win Behind Passing of Tittle

By MIKE RAHET
Associated Press Sports Writer

With sharpshooting Y. A. Tittle doing the bulk of the prospecting, the San Francisco 49ers are digging hard for gold and glory in the National Football League.

Tittle, alias "Bald Eagle" is the brain of the outfit — the guy who maps strategy for sorties into enemy territory. His accurate firing is the main reason the surprising San Francisco crew is surging for the lead in the Western Division.

The 32-year-old quarterback engineered the 49ers victory Sunday passing 40 yards to R. C. Owens with 61 seconds left for the touchdown that beat Chicago's Bears 20-17. The victory gave San Francisco a 4-1 record.

Referee Knows How Hard They Hit

SAN FRANCISCO (AP)—If you think the bruisers in the National Football League don't hit hard, check with referee John Pace.

Pace was knocked right on his whistle during the opening kickoff play of the Chicago Bears-San Francisco 49ers game.

Alie Woodson, 49er halfback, trying to evade four Bears, ran around Pace and then a couple of the Bears bit the referee.

It took five minutes to revive Pace but he stayed on the job.

How did it feel?

With a smile—and a shudder—he replied:

"Don't ask."

Two Porkers Out for A&M Homecoming

With key players sidelined, the University of Arkansas Razorbacks resumed training today in preparation for Texas A&M, the Southwest Conference cellar-dweller.

End Slave Butler will be out one to four weeks with a severe ankle injury suffered in Saturday's game with Mississippi. Guard Billy Luplow aggravated a shoulder injury and needs a good rest, Ferrell said.

Ole Miss stomped the Razorbacks 28-0 in Memphis' Crump Stadium, thundering along for 307 yards total offense. Charging Charlie Flowers, a big fullback from Marianna, Ark., led the powerful Rebel drive.

Arkansas was stymied completely on its pet plays — short passes quick kicking, etc. The Razorbacks gathered enough steam to punch their way to the Rebel five late in the game but the momentum fizzled.

Flowers rammed over for two Ole Miss touchdowns. Fullback James Anderson and quarterback Jake Gibbs also hit pay dirt.

The Hogs were on even terms for about the first 10 minutes, then the hulking Rebel line began to wear them down.

Cardenia Race Unsettled, Outsider Wins

By THE ASSOCIATED PRESS

The 2-year-old filly failed to settle the title scramble in the \$134,215 Cardenia Stakes Saturday at Garden State Park when My Dear Girl won an upset victory.

However, the colts will have a go at the Garden State Stakes next Saturday, and the world's richest horse race should produce an early favorite for the 1960 Kentucky Derby.

My Dear Girl, owned by Mrs. Frances A. Center of Minneapolis, splashed to a 5-length victory over Blue Greener in the Cardenia, and paid \$10. Heavenly Body and Irish Jay, the two leaders for the 2-year-old filly crown, finished third and fourth, respectively.

The Selma Stakes next Saturday at Laurel, Md., and the Frizette Stakes Nov. 7 at Aqueduct are the next steps for the juvenile misses. Both are worth around \$70,000.

Eleven to 15 2-year-olds are seen as possible starters in the 1-1/4 mile Garden State. The Garden State may gross \$289,077 with \$173,445 to the winner.

Mrs. Herbert Herf's Tudor Era and the King Ranch mare, Dotted Line, made off with the split divisions of the Man O'War Handicap on the grass course at Aqueduct Saturday.

Dotted Line, longest price on the board, beat Amerigo by 10 lengths in the \$112,050 first division and paid \$57.50. Tudor Era, \$6.40 favorite in the second section, led all the way and finished 3 lengths ahead of Marlow Road.

Cubans Plan a Protest Against U. S.

By HAROLD K. MILKS

HAVANA (AP)—Cubans swarmed today in Havana from the Castro's call for a protest by a million voices against "foreign aggression" from the United States.

A labor leader declared for defense.

The bearded Prime Minister Castro addresses a mammoth meeting this afternoon on Cuban demands that the United States prevent anti-Castro Cubans in Florida from sending planes over Cuba to drop arms and anti-government leaflets.

The Cuban Confederation of Labor ordered a general work shutdown at noon in Havana and three huge crowds in the show of loyalty at the presidential palace.

Electric service and telephone and telegraph communications abroad were exempted, leaders said.

David Salvador, chief of Cuba's organized labor under Castro, appealed through newspapers for establishment of a workers militia.

Salvador also urged expansion of the budget of the Ministry of the Arm'd Forces, headed by Castro's brother Raul, to provide for the purchase of more warplanes, antiaircraft artillery and other arms.

Police sources said another light plane dropped anti-Castro leaflets on Havana's outskirts on Sunday night, but was driven off.

Cuban warplanes patrolled the Havana area today, presumably fearing that anti-Castro forces might do some leaflet dropping on the mass meeting.

Anti-aircraft guns pointed up from the presidential palace and various military installations.

A U.S. Embassy spokesman said the embassy had not requested any special police protection, that it was taking at face value the Cuban Saturday that Americans here would be guaranteed protection.

More than a million Cuban badges reading "Against Foreign Aggression" were prepared by the labor confederation for distribution.

At about 50 per cent of its rice production, Cuba is expected to export a television panel show.

Smiley's 90-Yd-Run Picture Shows How TD's Are Made

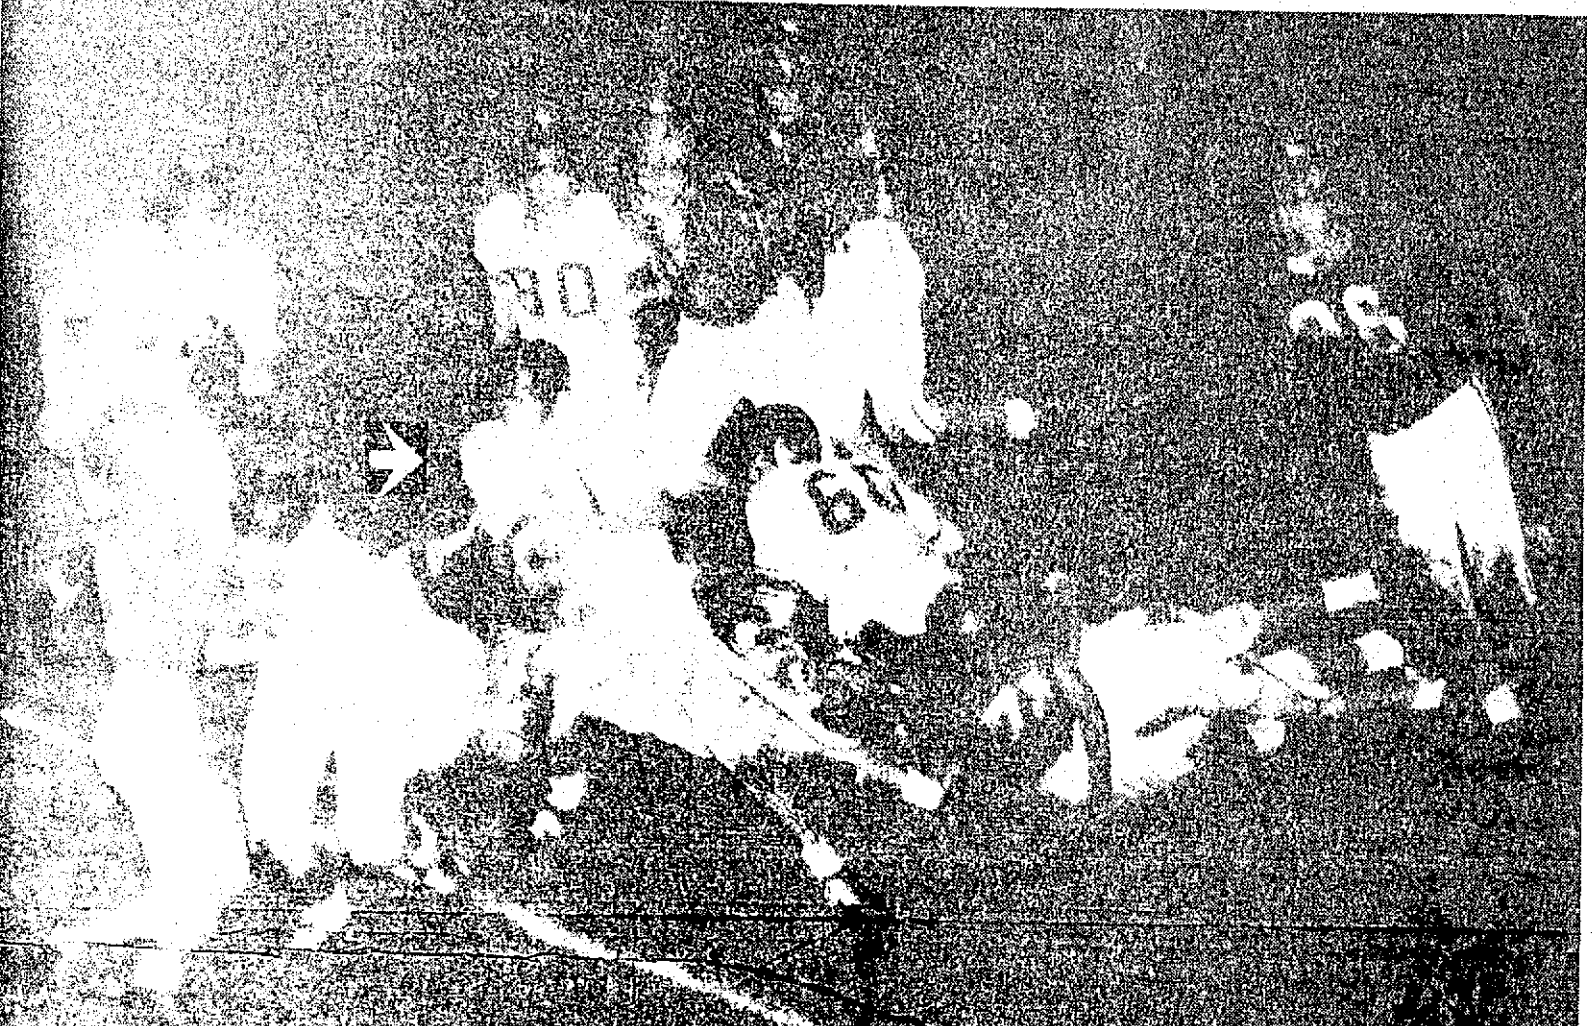

WITH THE HOPE-MAGNOLIA FOOTBALL GAME BUT TWO MINUTES OLD Bobcat Quarterback Byron Smiley, 12 (arrow), scooped up a Magnolia punt on his own 10 and raced 90 yards for a touchdown. This is a rare football picture in that it shows both a touchdown run and two crucial blocks which made the score possible. The blocker taking out a Panther tackler nearest Smiley is Halfback Johnny Turner. The second blocker, taking out another Panther to the right, is Right Tackle Teddy Messer.

IF EITHER BLOCKER HAD FAILED SMILEY'S TOUCHDOWN RUN would have been cut to a short gain deep in his own territory. OTHER PLAYERS IN THE PICTURE ARE: At right edge of picture — Magnolia WT Bill Pierce (88); Magnolia FB David Smith (72); and Hope Left End Larry Vaughn (50). After a close first half Hope finally won the ball game, 20 to 6.

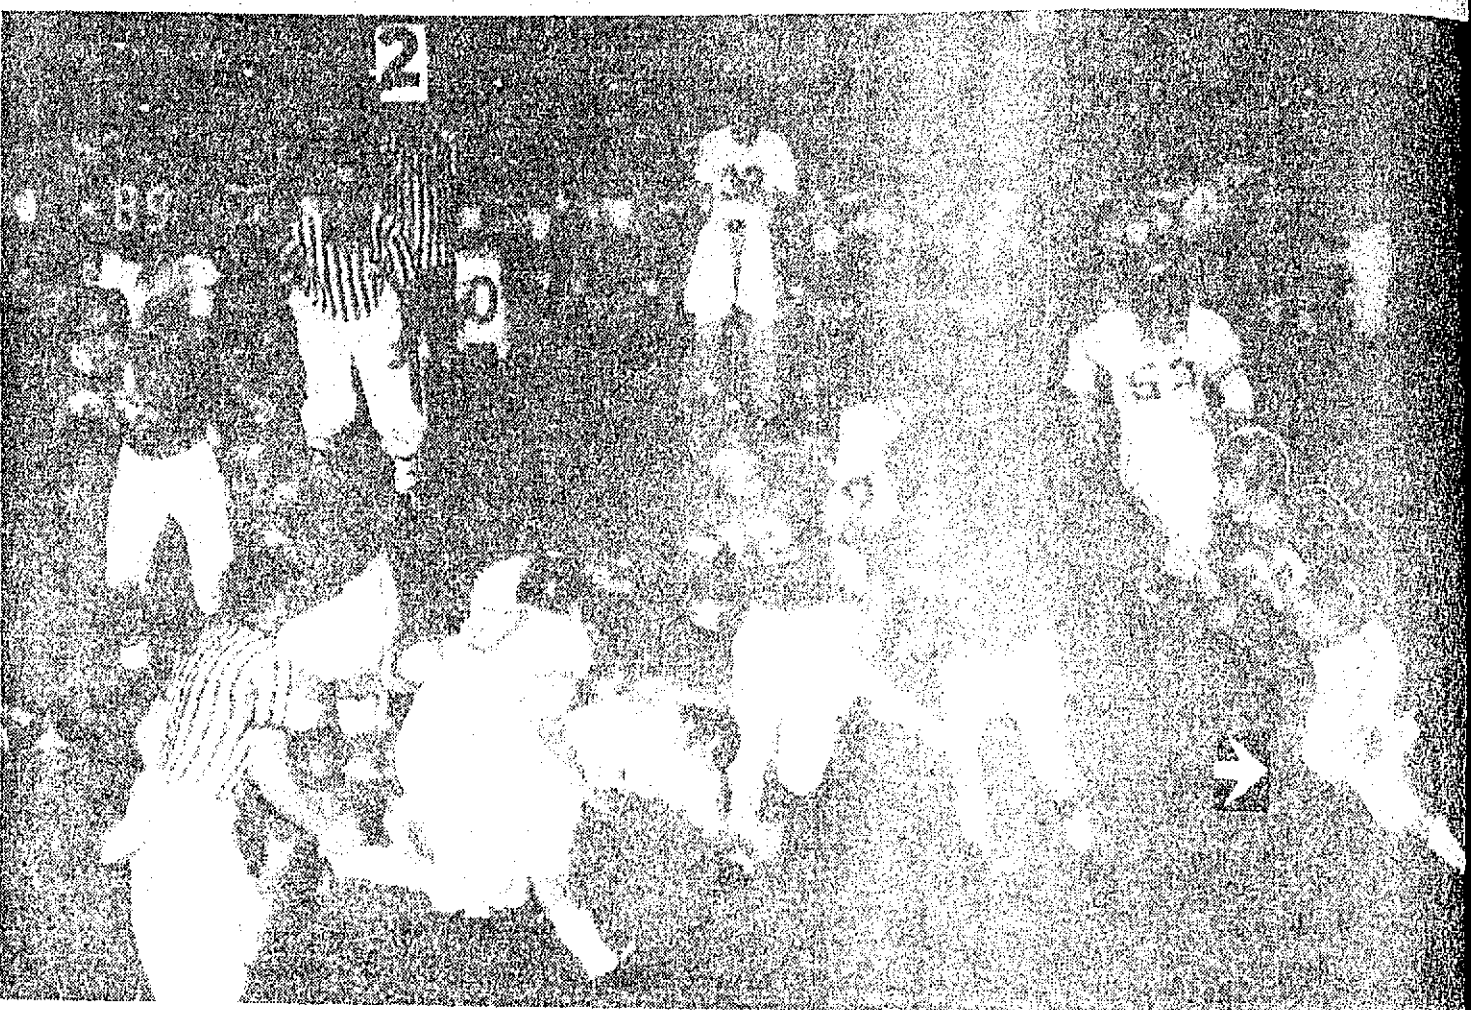

IT WAS HOPE'S HOMECOMING GAME FRIDAY NIGHT — and here is the crowning of the queen as photographed from the press box. Left to right in the V-formation the seven maids-of-honor and Queen Sue Ann Smith: Carye Joy Myers, Julia Peck,

Carol Coop; Teddy Jones, Jr., president of the student body; and Sharon Foster.

IN THIS THIRD-QUARTER SCRAMBLE HOPE HALFBACK JOHNNY TURNER, 11 (arrow), carried for six yards and a first-down on the Hope 35. Other players identifiable in the picture are, left to right: Hope — Left Guard Johnny Snell (72); Fullback Terry

Don Thurman (blocker); Center Tommy Jones (80); Left Tackle Willie Ed Sutton (60); and at right Magnolia's ST James Allwhite (98).

THIS WAS ONE OF THE FEW TIMES IN THE FIRST HALF that Therrell Wilson, 92 (arrow), Magnolia's star, was held for no gain. The Bobcats stopped him in this third-down attempt near the 50-yard line in the first quarter. It was Wilson who scored the Panthers' only touchdown, with a plunge over right guard for four yards and goal in the second quarter, putting the score 7-6 for

Hope at the half. OTHER PLAYERS IN THE PICTURE: Left to right — Left End Larry Vaughn (50); Hope End Larry Walton (32); Magnolia Tailback Mike Longing (12); and Hope End Curtis G. well (53).

PITTSBURGH (AP) — Kaiser Steel Corp. today broke away from industry-wide negotiations in the 104-day steel strike and announced it would bargain separately with the United Steelworkers Union.

Edgar F. Kaiser, board chairman, made the announcement in Washington only hours after the industry had announced that Kaiser had reached a separate agreement with the union.

Union negotiators were scheduled to meet separately today with 95 other strike-idled steel firms. The announcement that Kaiser, the nation's 12th largest steel producer, had reached agreement with the union was signed by the 11 other major steel firms. It did not say, however, that the agreement had been a member of the 12 steel firms bargaining as a unit.

By itself, Kaiser's statement did not deny that Kaiser had reached agreement, but instead explained why he had decided to bargain separately. Later, Norman Nicholson, assistant to Kaiser, agreed to clarify the situation further. He denied

Can't Move Faster Negro Group Told

PITTSBURGH (AP) — A top Negro attorney says progress is being made in civil rights, but concedes that "we can't move any faster than people."

"To many people think that it's enough for the supreme court to speak and a miracle will happen," said Atty. Thurgood Marshall, head of the legal staff of the National Assn. for the Advancement of Colored People.

He expressed his view day before attending the meeting of the 25th annual sylvania State Conference NAACP.

One of the biggest and rights, Marshall continued, registered schools in the recently New York, Ohio and New Jersey.

Marshall said because transfer rule "if a few in a neighborhood they for their children to at school."
